South Dakota Streamlined Sales and Use Tax Agreement Exemption Certificate Instructions

Use this form to claim exemption from sales tax on purchases of taxable items. The purchaser must complete all fields on the exemption certificate and provide the fully completed certificate to the seller in order to claim exemption.

Warning to Purchaser: You are responsible for ensuring that you are entitled to the exemption you are claiming. You will be held liable for any tax and interest, as well as penalties imposed by the member state that is due the tax on your purchase, if you are not eligible to claim this exemption.

Seller: You are required to maintain proper records of exempt transactions and provide those records, including a copy of this exemption certificate, to member states of the Streamlined Sales Tax Agreement when requested. You are relieved of the responsibility for collecting and remitting sales tax on the sale or sales for which the purchaser provided you with this exemption certificate, if it is determined that the purchaser improperly claimed an exemption, provided all of the following conditions are met:

1. all fields on the exemption certificate are completed by the purchaser;
2. the fully completed exemption certificate is provided to you at the time of sale;
3. the state that is due the tax on the sale allows the exemption reason; and
4. you do not fraudulently fail to collect the tax due or solicit customers to unlawfully claim an exemption.

A seller doing business in a state that is not a member of the Streamline Agreement must obtain documentation to support exempt transactions as required by that state.

Instructions for completing the Certificate of Exemption

Enter the two-letter postal abbreviation for the state under whose laws you are claiming exemption. For example, if you are claiming an exemption from sales or use tax imposed by the state of Arizona, enter "AZ" in the boxes provided.

Check whether this is a single purchase certificate or a blanket certificate. If this certificate is for a single transaction, check the single purchase box and include the invoice or purchase order number for the transaction. If you make recurring purchases (at least one purchase within a period of twelve consecutive months) from this same seller, you may check the "blanket certificate" box, so that you do not need to provide an exemption certificate for future purchases if you claim exemption for the same reason. If the blanket certificate box is checked, the certificate continues in force until canceled by the purchaser.

Complete the business and seller information section. An identification number for you or your business must be included. Include your state tax identification number and identify the state and/or country that issued the number to you. If you do not have a state tax identification number, enter the Federal Employers Identification Number (FEIN) issued to your business, or if no FEIN number is required, enter your personal driver's license number and the state it is issued by. Foreign diplomats and consular personnel must enter the individual tax identification number shown on the sales tax exemption card issued to you by the United States Department of State's Office of Foreign Missions.

Type of business - Circle the number that best describes your business or organization. If none of the categories applies, circle number 20 and provide a brief description.

Reasons for exemption - The exemptions listed are general exemptions most commonly allowed by member states. However, each state's laws governing exemptions are different. Not all of the reasons listed may be valid exemptions in the state in which you are claiming exemption. In addition, each state has other exemptions that are not listed on this form. To determine what sales and use tax exemptions are allowed in a particular state refer to the state's web site or other information available relating to their exemptions.

Circle the exemption that applies to your business and enter the additional information requested for that exemption. If the member state that is due tax on your purchase does not require the additional information requested for the exemption reason code circled, enter "NA" for not applicable on the appropriate line. If an exemption that is not listed applies, circle "M Other" and enter an explanation.
