

The South Dakota Music Education Association
Presents the

22nd Annual

Middle School All-State Band

A Federated State Association of

Keepsake Program

March 5-6, 2021

3:00 pm

Huron High School Theater

Huron, SD

...Last year's 2020 MSASB event was a joyous occasion held in Mitchell, SD on the first weekend in March. One week later, we would all find ourselves in lockdown due to the COVID-19 global pandemic. One year later, even though much has been learned and an extensive vaccine campaign is currently underway, we are all still dealing with the many ways in which the virus has disrupted how we do work, school, and activities. In December, the SDMEA Executive Board made the decision to cancel all of its spring events in the interest of public safety, in addition to the many logistical hurdles of holding large events while also adhering to recommended guidelines. They also decided it was important to still hold auditions for our Middle School All State events in an effort to keep encouraging students to work toward a goal, bettering their skills, as well as provide continuity for the events. The students selected for this year's bands are recognized here in this program; 3-year members were able to achieve that benchmark and pave the way for 3-year members to follow. While we are all disappointed that we could not celebrate together in Huron this year, we look forward to 2022 when we can once again gather the best middle school band students from across the state to make music together!

MSASB Conductors

Over the past 21 years, we have been honored to have a variety of guest conductors come to work with our students. From middle school to collegiate level and a few notable composer-conductors, all have inspired our students to be their best!
